

# Explore the countryside

Rice fields - villages - foothills - lakes - forest trails

## Rural life

Our green surroundings offer you the chance to experience Thai rural life - a different world away from the hustle & bustle of the city. Grab one of our bicycles, rent a scooter or walk out to explore the beautiful countryside with nearby waterfalls, foothills, lakes, coffee shops, local restaurants and more....

Via pineapple fields you will enter a scenic valley with a long-stretched village surrounded by rice-fields and mountains as backdrop. After 9 km you will reach the Akha hill-tribe village of Baan Likhai. There you can park your (motor)bike/car, cross the bridge and explore the mountainous area leading to Nanglae Nai Waterfall. If you're not into hiking you simply relax at the restaurant at the river and indulge in tranquility.... And there are coffee shops & restaurants along your way.

- Kiengdoi Café - 5.3 km
